

British Junior Academy of Brussels

Fire Safety Policy

Revised January 2020

The British Junior Academy of Brussels

Fire Safety Policy

This policy is for the whole school including the Early Years Foundation Stage

1.0 AIMS AND OBJECTIVES

The British Junior Academy of Brussels (BJAB) aims to protect all pupils, staff and visitors to the school from potential injury or risk to life caused by fire.

The British Junior Academy of Brussels will provide and maintain a safe working environment with the necessary fire equipment and systems in place to prevent a potential fire. It will give a high level of commitment to fire safety at all times and ensure that all measures comply in full with Belgian statutory requirements and, as far as possible, with UK legislation.

2.0 PURPOSE

The purpose of this policy is to set out the responsibilities with respect to fire safety in the school and the procedure which is to be followed to ensure that all fire equipment is in proper working order, that all fire risks are minimised and that all potential hazards are addressed.

3.0 DEFINITIONS

| | |
|-----------------------------|---|
| Fire Safety Audit | a summary listing any concerns about fire safety standards at the school, completed by the Fire Marshall each term, following a visual inspection of the premises |
| Fire Safety Risk Assessment | a statutory document which outlines the potential levels of fire risk in terms of persons affected, key areas of concern and further action needed to minimise any fire hazard, revised as needed by the FM |
| FM | Fire Marshall |
| Fire Drill | a simulated exercise undertaken at least once per term by the whole school to evacuate pupils, staff and visitors from the school buildings to a place of safety |
| Fire Drill Log | a record showing the outcome of all fire drills and any false alarms that might happen on the premises, completed by the FM |
| Fire Exit Plan | floor plan showing the approved escape route to the nearest fire exit point on each level with bilingual instruction on what to do in the event of a fire. Displayed on wall throughout the premises |
| Fire Equipment Plan | floor plan showing the location of all fire safety and fire-fighting equipment on the school premises |
| Works Coordination Team | administrative staff responsible for the maintenance and completion of all repairs to the premises |
| SIAMU | Belgian emergency services |
| Mensura | Belgian Health and Safety authority |
| Register of Checks | a record of all the statutory checks made by the Belgian authorities required to maintain adequate safety standards at the school. This |

also includes invoices and payments for work undertaken by building and maintenance contractors

4.0 RESPONSIBILITIES

4.1 The proprietor and shareholders

The Proprietor of the school and the Headteacher have ultimate responsibility for Fire Safety. They are designated Responsible Persons. They understand their legal responsibilities and ensure that adequate resources are available to fulfil BJAB's statutory obligations.

4.2 The Headteacher

The Headteacher (or in his/her absence, the members of the SLT) should:

- report to the Proprietor and Board of Governors on all fire safety matters
- understand the school's legal responsibilities
- appoint a principal Fire Marshall
- ensure that staff with fire safety roles have received suitable training and allocate the necessary time and resources to them to ensure they meet their responsibilities
- conduct regular meetings with those appointed to fire safety roles.
- undertake a whole school Fire Drill at least once per term
- liaise with external authorities when necessary
- arrange periodic fire safety training for all staff members
- ensure that, at all times, pupils, staff and visitors are familiar with the correct action to take in the event of a fire

4.3 The Fire Marshall

The Fire Marshall should:

- act as focal point for all fire safety matters concerning the buildings/premises and persons within
- inform the Headteacher promptly of all fire safety issues and provide copies of the documentation
- conduct a Fire Safety Audit of the buildings/premises each year
- complete a Fire Risk Assessment of the buildings/premises each term
- inform and liaise with the Works Coordination Team so that repairs/maintenance work can be dealt with promptly
- assist the Headteacher with a Fire Drill each term
- inform teaching staff of any deficiencies in the standards set by BJAB for fire safety
- ensure that signs are posted at all levels in all buildings
- ensure that Fire Exit Plans and Fire Equipment Plans are up-to-date
- record the outcome of all Fire Drills in the Fire Drill Log and inform the Works Coordination Team of any malfunction in the alarm system

The deputy Fire Marshall should:

- cover for the FM during any absence from the school premises
- contact the emergency services (Fire / Ambulance / Police) as necessary
- wait outside the school and liaise with emergency services upon arrival

4.4 The Works Coordination Team

The Works Coordination Team should:

- ensure that all repair work is done promptly
- ensure that all statutory maintenance checks relating to fire safety (for example, alarm systems, extinguishers and hoses, smoke detectors, call points and emergency lighting) are completed within the stipulated time periods
- ensure that all statutory checks by the relevant Belgian authorities are done within the stipulated time frames (for example SIAMU, Mensura, Etterbeek commune etc.)
- ensure that the emergency services are provided with up-to-date exit plans and fire equipment plans for both Boulevard Saint Michel and Marlowe House buildings
- ensure that all physical copies of documentation concerning Fire Safety are kept in the Register of Checks and electronically stored in the BJAB cloud
- inform the FM of all visits to BJAB by relevant fire safety persons in advance and advise her of the outcomes of all visits
- inform non-teaching staff of BJAB fire safety standards, including any updates

4.5 Teaching Staff

The Teaching Staff should:

- ensure the immediate and orderly evacuation of children whenever the Fire Alarm rings, closing all doors and windows as they leave
- alert neighbouring classrooms of the fire alarm to ensure all are aware
- ensure that all escape routes within classrooms and cloakrooms are clear at all times
- ensure that children and all visitors to the school know the correct evacuation procedure from whatever part of the building they are using – this is imperative if pupils are outside their classroom.
- avoid any accumulation of combustible materials in classrooms, corridors or storage/boiler/photocopier rooms
- ensure that all display work is away from heat sources and unlikely to impede escape routes
- never use naked flames
- ensure that electrical sockets are not overloaded and equipment is turned off when not in use
- educate children about the importance of fire safety
- undertake an annual Risk Assessment of their classrooms
- inform the FM of any faults in the fire safety system
- remember to turn off all computers and close all windows and doors while absent from the classroom and at the end of the day

Any member of staff who activates the fire alarm must inform the school office as soon as everyone is evacuated.

As well as the statutory duty to protect the pupils, staff and visitors at the school, those individuals appointed fire safety roles at BJAB have a duty to protect the assets of the organisation and guard against business interruption and possible losses.

4.6 Caretaker and Cleaning Staff

When the fire alarm sounds, Caretaker and Cleaning staff should:

- assist with the evacuation of children

To reduce the risk of fire, Caretaker and Cleaning staff should:

- remove all waste to the garage lift
- ensure windows are closed and doors locked at the end of the day
- ensure all escape routes are kept clear
- ensure flammable substances are stored in the locked store room
